

My Accounts Page: Notifications History Tab

The Notifications History Tab shows a user the chronology of notifications that have been received and sent in the system.

Date	Module	Outcome	Subject	Details
Pending Communications				
No Pending Communications				
Processed Communications (showing last 7 days. Load another 7 days)				
Wed Sep 10th 2025 at 12:00 AM	Assets	Processed.	"Lubricate machine" on "Equipment Cybex Cable Crossover" has changed to red (Past Due)	View
Tue Sep 9th 2025 at 3:22 PM	Assets	Processed. View	"Lockers Padlocks" has returned to service	View
Tue Sep 9th 2025 at 3:19 PM	Assets	Processed. View	"Lockers Padlocks" has gone out of service	View
Tue Sep 9th 2025 at 12:28 PM	Assets	Processed. View	A fault was reported on Sauna	View

The notifications history is shown in table format. There is both a Received and Sent Tab.

The Received Communications Table separates Pending and Processed Communications. The columns show the date and module communications occurred in, the outcome of the attempt, the subject, and has a clickable link to view details.

Selecting "View" in the Outcome column opens the Outcome Modal showing who the email was sent to, the result, when it was sent, and if the read receipt has been received.

Outcome

Email sent to *morkusmba@gmail.com*
Result: Sent
Sent: Tue Sep 9th 2025 at 3:22 PM
No read receipt has been received.

Close

Selecting "View" in the Details column opens the View Communication Modal which states the subject of the notification and provides a clickable link to view the asset.

The default history shown for received communications is the past 7 days. Click "Load another 7 days" to extend the notification history another week. KAStrack will state how many days of

historical communications are showing.\

Processed Communications (showing last 70 days. **Load another 7 days**)

If there is no communication history for a seven-day period, KAStrack will state that there were no processed communications. *Note: KAStrack can show all history since account creation.*

No Processed Communications between Tue Jul 8th 2025 and Mon Jul 14th 2025

The Sent Communications Table similarly shows all Sent Communications for the previous 7 days.

Notifications History					
Received		Sent			
Date	Module	Sent To	Outcome	Subject	Details
Sent Communications (showing last 7 days. Load another 7 days)					
<i>No Sent Communications between Tue Sep 9th 2025 and Mon Sep 15th 2025</i>					

Click “Load another 7 days” to extend the notification history another week. KAStrack will state how many days of history are showing. If there is no sent communication history for a seven-day period, KAStrack will state that there were no sent communications.
