

Actions Supervisor Page

If a user account has supervised users with assigned actions, the Supervisor View Page will be visible on the Main Menu enabling ease of hierarchal management. The Supervisor View Page shows the number of actions associated with each action status grouped by user. While each user summary will expand and collapse, none of the information on the Supervisor Page is clickable. The page serves as a permanent filtered view.

The screenshot displays the 'Supervisor View' interface. At the top, it indicates 'Supervising 3 users'. Below this, there are two expandable sections for supervised users:

- Bravo TestAccount (me)**
 - 1 action(s) overdue (indicated by a red circle)
 - 1 action(s) outstanding with no due date (indicated by a light blue circle)
- Charlie TestAccount (charlie)**
 - 3 action(s) outstanding with no due date (indicated by a light blue circle)
 - 4 action(s) outstanding (indicated by a dark blue circle)

Revision #2
