

Add a Meter to an Asset

To add a meter to an asset, the Meter Type must already be created through the Assets Settings Page.

How To: Create a Meter Type

To create a new meter type, open the Meter Types Tab on the Settings Page of the Assets Module.

Settings

Asset Types Task Templates Meter Types Manufacturers Module Levels

Meter Types

Add Meter Type Search for Meter Type: Search Clear

<< Page 1 of 1 >>

Meter Type ID	Status	Title	Description	Unit (plural)	Decimals	Input Option (Applies to update meter reading only)
1	...	Active	Blade Change	Changes	0	Actual

<< Page 1 of 1 >>

Select “Add Meter” opening the New Meter Type Modal.

This opens the New Meter Type modal.

New Meter Type ✕

Title *

Description

Unit (plural) *

Decimals *

Input Option (Applies to update meter reading only) *

Save Cancel

Input the desired meter type title and description.

Include the units associated with this meter type.

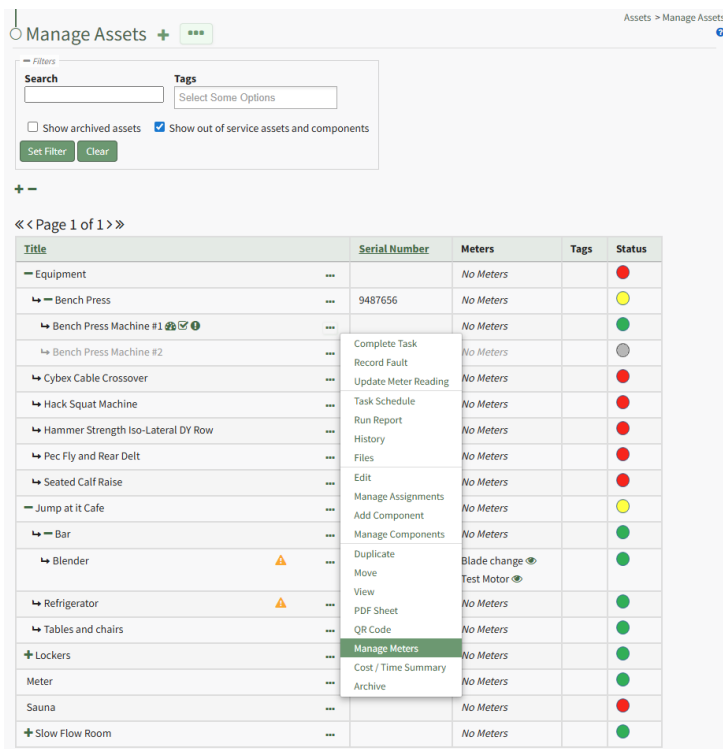

Meter units should always be entered in plural form.

Input an integer to determine the number of place values after the decimals you would like recorder. Input 0 if you do not want to see any values after the decimal.

The Input Option dropdown menu has three options: Actual, Elapsed, Both. If you select both, a user can input the actual reading and elapsed value will be calculated. A user can also input the elapsed reading and the actual will be calculated.

Select the “Save” button and the New Meter Type will be created and now shows on the Meters Tab on the Settings Page of the Assets Module.

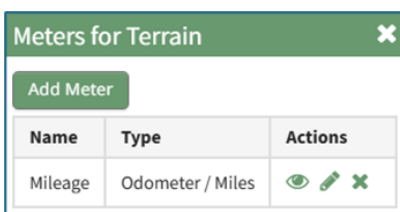

To add a meter to an asset, select the Manage Assets Page from the Main Menu in the Assets Module. Use filters as needed and identify the asset/component you want to add a meter to. Click the three dot (...) icon next to the Asset/Component Title to open the Asset Management Context Menu.

The screenshot shows the 'Manage Assets' page with a table of assets. A context menu is open for the 'Blender' asset, highlighting the 'Manage Meters' option. The table columns are Title, Serial Number, Meters, Tags, and Status.

Title	Serial Number	Meters	Tags	Status
Equipment	...	No Meters		Red
Bench Press	9487656	No Meters		Yellow
Bench Press Machine #1	...	No Meters		Green
Bench Press Machine #2	...	No Meters		Grey
Cybox Cable Crossover	...	No Meters		Red
Hack Squat Machine	...	No Meters		Red
Hammer Strength Iso-Lateral DY Row	...	No Meters		Red
Pec Fly and Rear Delt	...	No Meters		Red
Seated Calf Raise	...	No Meters		Red
Jump at it Cafe	...	No Meters		Yellow
Bar	...	No Meters		Green
Blender	...	Blade change Test Motor		Green
Refrigerator	...	No Meters		Green
Tables and chairs	...	No Meters		Green
Lockers	...	No Meters		Green
Meter	...	No Meters		Green
Sauna	...	No Meters		Red
Slow Flow Room	...	No Meters		Green

Selecting “Manage Meters” from the context menu opens the Asset Meters Modal.

The screenshot shows the 'Meters for Terrain' modal. It has an 'Add Meter' button and a table with the following data:

Name	Type	Actions
Mileage	Odometer / Miles	Eye, Pencil, X

To add a new meter, select the “Add Meter” button opening the Add Meter to (Asset Name) Modal.

Add Meter to Terrain ✕

Meter Type *

Title *

Notes

Select the Meter Type from the dropdown menu.

Input a title for the new Meter. Include any notes about the meter.

Select the “Save” button and the new meter is now shown when you select “Manage Meters” from the context menu.
