Change an Asset Type Name

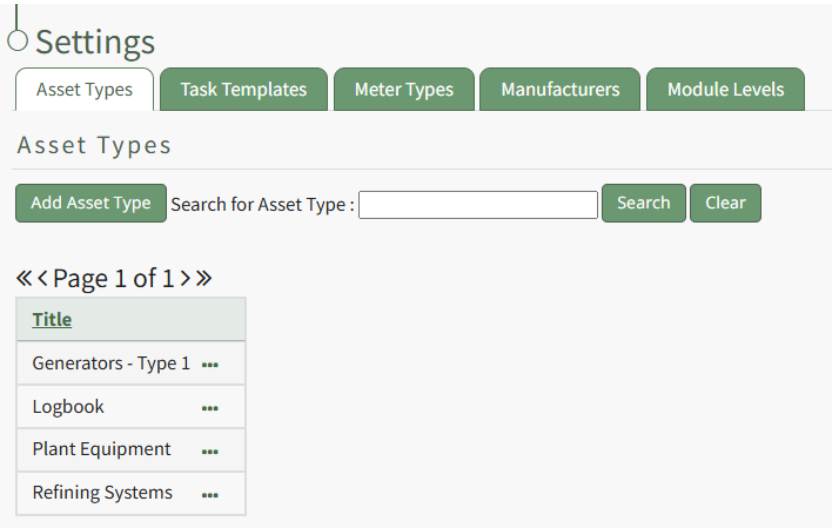

To change an Asset Type name, go to the Asset Type Tab on the Settings Page of the Assets Module. Click the three-dot icon to the right of the Asset Type whose name you wish to change, opening the Asset Type Context Menu.

Select "Edit" opening the Edit Asset Type Modal.

Edit the Asset Type name as desired and select the "Save" button. A pop up confirms that they asset type has been edited, and the changes in the title are now reflected on the Asset Type Table.
