Download an Individual QR Code

To download an individual QR Code, open the QR Codes Page of the Communications Module from the Main Menu.

Click the vertical three-dot icon to the far right of the specific QR Code you wish to view, opening the QR Code Table Context Menu. Select the Download option and a PNG file of the QR Code is automatically downloaded to your device.

You can also access a download of the QR code by selecting the View option on the QR Code Table context menu.
