

Edit an Asset Type Field

To edit a field associated with an asset type, go to the Asset Types Tab on the Settings Page of the Assets Module. Select the three-dot icon to the right of the asset type whose field you wish to edit opening the Asset Types Context Menu.

Select "Fields" from the context menu opening the Asset Type Field Table. Click on the three-dot icon to the right of the field you wish to edit opening the Asset Type Fields Context Menu.

Select "Edit" opening the Edit Field Modal.
