

Refresh the Muster Table while in Muster Mode

Refreshing the Muster table while in muster mode is a beneficial feature, particularly if individuals are using the QR Code or URL Link to account for themselves.

To refresh the table, select the "Refresh Table" button.

The screenshot shows the 'Event Attendance : Muster' interface. At the top, a summary box indicates: 'Mustering initiated: Wed Nov 12 2025 at 1:58 PM by Mitzi Orkus', 'Mustering has been in progress for 0 minutes.', and 'Accounted For: 0 / 9'. Below this are buttons for 'View Muster Link and QR Code' and 'Deactivate Muster Mode'. A dropdown menu is set to 'Show everyone'. A row of action buttons includes 'Mark Checked as Accounted For', 'Mark Checked as Signed Out', 'Mark Older Than as Accounted For', and 'Refresh Table'. The 'Refresh Table' button is highlighted with a black arrow. Below the buttons is a search bar and a table with 9 entries. The table has columns: 'First and Last Name', 'Accounted for Time', 'Who Accounted for Them', 'Marked as Accounted For', 'Muster', and 'Sign Out'. All 'Marked as Accounted For' cells are 'No' and all 'Muster' cells are 'Account For'. The bottom of the interface shows 'Showing 1 to 9 of 9 entries' and a page indicator '1'.

The muster table will automatically refresh, and the updated summary will show the accounted for individuals.

The screenshot shows the same 'Event Attendance : Muster' interface after a refresh. The summary box now shows: 'Mustering initiated: Wed Nov 12 2025 at 1:58 PM by Mitzi Orkus', 'Mustering has been in progress for 2 minutes.', and 'Accounted For: 6 / 9'. The 'Refresh Table' button is still present. The table now shows updated data for three individuals: Emily Davis and John Smith are now 'Marked as Accounted For' (Yes) and 'Not Accounted For' (Not Accounted For). James Miller remains 'Marked as Accounted For' (No) and 'Account For' (Account For). The other individuals (David Brown, Michael Johnson, Olivia Wilson, Sarah Lee, Sophia Taylor, William Anderson) remain 'Marked as Accounted For' (No) and 'Account For' (Account For). The bottom of the interface shows 'Showing 1 to 9 of 9 entries' and a page indicator '1'.
